

# Age in Spain - A quick August update

**New Age in Spain guide on  
Routes to Residency and three  
practical checklists**

*Age in Spain has published a [Routes to Residency](#) guide that explains the key steps in the residency process and the different ways you can become legally resident in Spain under the terms of the Withdrawal Agreement following the UK's exit from the European Union.*

*The main document is supported by the three practical [checklists](#) which give more detail about the proof and documentation you need to provide at the first part of the residency process described earlier. The checklists cover:*

- Applying for residency in Spain if you are working (employed or self-employed)*
- Applying for residency in Spain if you are retired or financially self-sufficient*
- Applying for residency as a relative of a UK National who was legally living in Spain before 31 December 2020*
